Services at the Dublin Office

At the Turkish Airlines Dublin Office — and usually through the airport counter — you can get help with:

- **Flight ticket sales and reservations** (book new flights or modify existing ones) (airlinesofficedesk.com)
- **Check-in and boarding assistance for departures** (especially for long-haul/international flights) (airlinesofficedesk.com)
- **Baggage allowances and special baggage requests** (airlinesofficedesk.com)
- **Seat selection, upgrades, and travel preferences** (airlinesofficedesk.com)
- **Travel documentation & visa information** (airlinesofficedesk.com)
- **Refunds, changes, and cancellations support** (subject to fare rules) (airlinesofficedesk.com)
- **Special assistance requests** (wheelchairs, medical needs, etc.) (airlinesofficedesk.com)

Customers often use this office when planning international travel, resolving booking issues, or arranging services before departure from Dublin. (airlinesofficedesk.com)

Airport & Terminal Info

Dublin Airport (DUB)

- Main international airport serving Dublin and Ireland 🇮🇪
- Turkish Airlines operates flights and has its sales/service office within **Terminal 1**. (airlinesofficedesk.com)

Nearby Place Note

There's a small business listed nearby called **fly | turkish** at Ormond Quay Lower in Dublin — but this is unrelated to Turkish Airlines Dublin office operations. It's not the airline's official office.

Quick Tips for Travelers

- **Visit the Dublin office in person** if you need in-person ticketing help or travel advice before your flight. (airlinesofficedesk.com)
- **Contact ahead** by phone or email to confirm opening hours — times may vary from what's publicly listed. (www.airofficesguides.com)
- **Airport counter staff** can also often assist on travel day if you can't reach the office beforehand. (airlinesofficedesk.com)

If you'd like, I can also provide **hour-by-hour airport services info** (like when check-in counters open before your flight) or **how to find the Turkish Airlines office inside Dublin Airport** using terminal navigation tips. Just let me know! ✈️
