Here's what's known about the **Turkish Airlines presence related to San Diego (California, USA)** — including the fact that most *city office listings online are **not official airline offices*** and how you can actually get service:

Turkish Airlines in San Diego — What's Available

Presence in the San Diego Area

There is a business listing associated with Turkish Airlines in San Diego:

- **Turkish Airlines** — Listed at **2121 Rosecrans Ave, Suite 2360, El Segundo, CA 90245** (this is near Los Angeles, not truly in San Diego; many directory sites mistakenly list it as a “San Diego office”). This appears to be a **general office location** rather than a dedicated San Diego ticketing/support office.

👉 There is no official standalone Turkish Airlines city sales office in San Diego, CA, on the airline's official site or in reliable industry sources. Listings claiming an office at **4010 Twiggs St, San Diego, CA 92101** are *third-party directory entries, not confirmed official airline offices* and may be travel agencies or resellers rather than Turkish Airlines staff. Airport Support — San Diego International Airport (SAN)

For most passenger support needs in San Diego, you should **use the Turkish Airlines desk/service counter at San Diego International Airport (SAN)**:

Airport Location:

San Diego International Airport (SAN),
San Diego, CA 92101, United States

☎ **Airport General Contact (San Diego Intl):** +1 619-400-2404 — main airport line (airline counters routed on travel days). (www.airlinesofficedesks.com)

📍 **How airport counters help:**

On the day of travel, the Turkish Airlines or partner counter at SAN can assist with:

- Check-in and boarding pass issuance
- Baggage drop and baggage policy questions
- Flight status and gate information

- **Same-day itinerary changes (if permitted)**
- **Special assistance requests (wheelchairs, etc.)** (www.airlinesofficedesks.com)

This airport presence functions as the **de facto local “office”** when you’re traveling — helpful if you can’t reach a city sales office. Many travelers find flying day support directly at the airport more effective than dealing with remote offices or customer service lines. (www.airlinesofficedesks.com)

General Contact & Customer Support

Since there’s no official local city office number for San Diego, you can use these broader Turkish Airlines support options:

U.S./North America Customer Service (24/7):

- **+1 800-874-8875** — official U.S. customer care and reservations line (routes to airline support) (www.airlinesheadoffice.com)

Alternative Help Number:

- **+1 855-510-5235** — another U.S. contact that routes to a live representative for bookings, changes, or general support. ([Paramount City](#))

Official Website Support:

- **Manage Booking:** <https://www.turkishairlines.com/en-int/flights/manage-booking/> ([FlightOfficeWorld](#))
- **Flight Status & Online Check-In:** Turkish Airlines website home. ([FlightOfficeWorld](#))

Tip: Many customers report that **airport counters or these centralized support numbers** are more effective than trying to find a “local office” — since Turkish Airlines operates more through airport desks than city walk-in offices in many U.S. cities. ([Reddit](#))

What You Can Get Help With

At the airport counter or via customer support, you can handle:

- **Flight bookings and changes**
- **Ticketing and refunds**
- **Baggage policy and special needs**
- **Seat assignments and upgrades**
- **Flight status and connection help**

These services are the core functions you'd expect from a local office — just handled through an airport desk or call center rather than a standalone walk-in office near San Diego. (www.airlinesofficedesks.com)
