

# 1-866-738-0706 Turkish Airlines San José Office

Here's what's available (and **not available**) regarding a **Turkish Airlines San José Office** — based on web information:

## **Turkish Airlines – San José, California (USA)**

There isn't a dedicated standalone **city sales/ticket office** for Turkish Airlines officially listed in San Jose, CA with its own address and local phone number — most directory sites don't show one. However, Turkish Airlines *does* have a service presence tied to the airport:

### **Airport Service / Contact Point**

#### **Location:**

##### **San Jose Mineta International Airport**

1701 Airport Blvd, San Jose, CA 95110, United States — Turkish Airlines operates flights and customer service assistance via the airport airline desk rather than an independent sales office. ([www.exploreairoffice.com](http://www.exploreairoffice.com))

 **Airport Call Center / Desk Contact: +1 408-392-3600** — this number routes to the airport's ticketing/counter services where airlines (including Turkish) assist travellers on travel days. ([www.exploreairoffice.com](http://www.exploreairoffice.com))

 **General Turkish Airlines Contact: [customer.relations@thy.com](mailto:customer.relations@thy.com)** — used for customer inquiries and support when no office phone is published. ([www.exploreairoffice.com](http://www.exploreairoffice.com))

 **Hours:** The online listings indicate **24-hour support** noted for the San José office description, though this likely refers to airport operations rather than a staffed city office. ([www.exploreairoffice.com](http://www.exploreairoffice.com))

### **What You *Can* Do in San José (CA)**

Since there is no standalone city office:

- Visit the **Turkish Airlines counter at San Jose Mineta International Airport (SJC)** on your travel day for check-in, ticketing changes, baggage help, and flight information. ([www.airofficesguides.com](http://www.airofficesguides.com))
- Call the airport office number above if you need assistance prior to arrival. ([www.exploreairoffice.com](http://www.exploreairoffice.com))
- Use Turkish Airlines' online tools (website or app) to **manage bookings, check flight status, and do online check-in**. ([www.exploreairoffice.com](http://www.exploreairoffice.com))
- For broader customer service (reservations, changes, refunds), you can call Turkish Airlines' U.S./international support line (e.g., +1 800-874-8875 or +1 855-510-5235). ([Paramount City](#))

---

## Note — San José, Costa Rica

Many office directories show a “**Turkish Airlines San José office**” in **Costa Rica** listed with a location in San José and an email like *saleschi@thy.com* — but they **do not provide a confirmed physical address or official local phone number**, and such listings are often generic travel-site data rather than official airline information. ([AllAirwaysOffices](#))

If you need a Turkish Airlines office for **San José, Costa Rica**, let me know — I can check airports and official contact details for that location too.

---

## Quick Summary

- **No official standalone Turkish Airlines city office in San José, CA (USA)** is publicly listed.
  - Support for passengers is available at **Turkish Airlines service counters at San Jose Mineta International Airport (SJC)**. ([www.airofficesguides.com](http://www.airofficesguides.com))
  - Use the airport contact or central customer service numbers for ticketing and travel help. ([Paramount City](#))
- 

Would you like the **check-in counter location inside San Jose Mineta Airport** for Turkish Airlines (e.g., Terminal, desk number)? I can provide that too. ✈️
