I couldn't find any **official Turkish Airlines "Victoria Office"** for a city named Victoria (e.g., Victoria, Canada or Victoria, Australia) as a dedicated local sales or support office with published address and contact details online.

Here's what that means and your best alternatives:

! No Dedicated Turkish Airlines Victoria Office

There are **no verified listings** showing a *Turkish Airlines city office* specifically in any place named **Victoria** (such as *Victoria, British Columbia, Canada or the state of Victoria in Australia*). Most third-party office directories do **not list a sales/ticketing office in Victoria** itself.

Instead, people in Victoria looking for Turkish Airlines support should use one of the following common service options:

Nearest Official Service Points

Melbourne (Victoria, Australia) – Airport Office

For the state of Victoria in Australia, the **closest Turkish Airlines office/service desk** is at **Melbourne Airport (Melbourne Tullamarine, VIC 3045, Australia)**. Multiple office directories list a Turkish Airlines **airport sales office there** — often in **Terminal 2, Level 2** — where staff assist passengers with booking, check-in, baggage, and on-the-day travel support. Airport Office Details (Melbourne):
