Does Frontier Airlines Allow Pets?

Yes, Frontier Airlines allows **small household pets** to travel **in the cabin** on most domestic flights. Approved pets typically include:

- Dogs
- Cats
- Rabbits
- Guinea pigs
- Hamsters
- Small birds

Pets must remain inside an approved carrier that fits under the seat in front of you for the entire flight. Frontier does **not** allow pets to travel as checked baggage or cargo. If you have questions about whether your pet qualifies, call   **+1-877-622-0707** for confirmation.

Frontier Airlines Pet Carrier Requirements

To comply with Frontier Airlines pet policy, your pet carrier must meet specific size and comfort standards:

- The carrier must fit completely under the seat
- Maximum size: approximately **18" x 14" x 8"**
- Must be well-ventilated and leak-proof
- Soft-sided carriers are recommended
- Pet must be able to stand, turn around, and lie down comfortably

Only **one pet per carrier** is allowed, and the carrier counts as either your personal item or carry-on. For carrier guidance or seat compatibility questions, reach out to   **+1-877-622-0707**.

\$ Frontier Airlines Pet Fee

Frontier Airlines charges a **pet fee per flight segment**, not per trip. The fee is generally around **\$99 each way**, subject to change. This fee must be paid at the time of booking or during check-in.

Important notes:

- The pet fee is **non-refundable**
- Fees apply per direction of travel

Required Documents for Pets

Frontier Airlines does not always require health certificates for domestic travel, but pet owners should still carry:

- Proof of vaccinations (especially rabies for dogs and cats)
- A health certificate if traveling to certain destinations
- Any destination-specific pet entry requirements

Restricted Routes & Pets Not Allowed

Frontier Airlines does **not** accept pets on:

- International flights
- Flights to or from certain destinations (such as Hawaii)

- Flights with exit row or bulkhead seating for pet carriers

Additionally, pets are not permitted in overhead bins or on seats. If your travel includes restricted routes, speak with a representative at   **+1-877-622-0707** to explore alternatives.

Service Animals vs. Pets

It's important to note the difference between **pets** and **trained service animals**:

- Service animals travel free of charge
- Emotional support animals are treated as pets
- Service animals must be trained to perform tasks
- Proper DOT forms may be required

If you're traveling with a service animal or need clarification, contact   **+1-877-622-0707** for accurate guidance.
