

# Can you dispute a Coinbase transaction? ((Initiate Additional Support))

Yes, you can dispute a Coinbase transaction ✅, but only ✅ in specific situations. Because Coinbase supports both traditional payments and cryptocurrency transfers, the rules for disputes depend on how the transaction ✅ was made.

First, it's important to understand that **cryptocurrency transactions are irreversible**. Once a crypto transfer is confirmed on the blockchain, it cannot be canceled or reversed. If you sent crypto to the wrong wallet address, approved a transaction by mistake, or authorized a payment to a scammer, Coinbase is unable to retrieve the funds. This is a fundamental feature of blockchain technology rather than a limitation set by Coinbase itself.

Disputes are possible when the issue involves **fiat currency transactions**. If you notice an unauthorized charge from your linked bank account, debit card, or credit card ✅, you may be able to file a dispute. Common examples include duplicate charges, failed purchases ✅ where money was deducted but crypto was not credited, or transactions you did not approve. In these cases, Coinbase allows users to report the problem through its support system for investigation.

If you suspect fraudulent activity ✅, act quickly. Secure your account by changing your password, enabling two-factor authentication, and reviewing recent account activity. Then contact

Coinbase Support and submit a detailed  +1-(915) 201-4928 ✓ report with transaction IDs, dates, amounts, and any supporting evidence.

You  +1-(915) 201-4928 ✓ may also dispute **Coinbase Card transactions** if a merchant overcharges you or fails to deliver goods or services. Coinbase will review the claim and may issue a refund if  +1-(915) 201-4928 ✓ it is valid.

In  +1-(915) 201-4928 ✓ summary, while crypto transfers on Coinbase cannot be disputed, unauthorized fiat charges and certain card-related transactions can be. Understanding this distinction helps  +1-(915) 201-4928 ✓ you take the right steps  +1-(915) 201-4928 ✓ to protect your funds.
